

WELCOME TO CIQA

Caliber Insulation Quality Alliance (CiQA) is committed to the success of all contractor members. We are the largest Quality Assurance Program (QAP) provider for spray foam in Canada. We are here to ensure every contractor's business has what's needed to stay compliant, flourish and grow.

CIQA CONTRACTOR MEMBERS
FEATURES & BENEFITS

WHY CIQA?

CiQA members are supported by most of Canada's top spray foam insulation manufacturers.

As a member, you will receive support from all participating manufacturers. This choice will give you an advantage in light of supply chain problems.

CiQA is designed to help our members understand and fully utilize the full range of services Caliber offers. You will fully grasp our program's features, benefits and services.

CiQA members will have access to advanced marketing and communication materials. These materials are designed to help you grow your business and to stand out from the competition.

Caliber will provide potential members with a Guide to answer questions. The Guide will help you to become an authorized contractor. It will answer questions to help you complete the process.

WHAT IS CIQA?

CiQA is the largest alliance of authorized manufacturers, distributors, contractors, and licensed spray foam insulation installers in Canada. All new and existing contractors will automatically become members of CiQA, effective November 28, 2022.

Our goal for this updated program is to help our members spotlight their training, certifications, professionalism, and commitment to quality. Contractor members in good standing will be able to use the CiQA seal and supporting communications pack. In a competitive marketplace, this will help you to differentiate yourself. Residential and commercial owners will be confident that they are getting quality installations every time.

CIQA MEMBER BENEFITS

A COMPLETE SOLUTION

Our program is chosen by more spray foam contractors than all others combined. CiQA delivers a robust, turn-key program designed to ensure your success.

COMPLIANCE MADE EASY

Business and regulatory compliance are much easier for members who can access our advanced applications (C-Link and Daily Work Record).

SUPERIOR CLIENT SERVICE

When you need help, access to our dedicated bi-lingual client services team is only a telephone call or email away.

INDUSTRY ADVOCACY

Caliber plays a vital role in the spray foam industry by chairing the CAN/ULC Task Force and writing standards to help grow the spray foam market. Caliber promotes and educates stakeholders on spray foam insulation products by conducting seminars with building officials & inspectors.

BROAD RANGE OF PRODUCTS

CiQA contractors are supported by most of Canada's top spray foam manufacturers. In a time of constrained supply, this is an advantage you can use.

CERTIFICATION A CALL AWAY

CiQA manages the largest spray foam training and certification network in Canada offering members access to in-person and remote service delivery.

ACCESS OUR EXPERTS

CiQA members have access to some of the most experienced professionals in the business. They will help resolve issues and answer highly technical questions.

YOUR PARTNER IN GROWTH

Many members are seeking profitable growth. Caliber's media pack helps members communicate and differentiate themselves.
